COMMUNICATION UNDER 37 C.F.R. §1.825

Assistant Commissioner for Patents
Washington, D.C. 20231

Dear Sir:

In accordance with Rule §1.825, the substitute sheets of a replacement sequence listing are provided herein as Exhibit A. This substitute sequence listing is provided to correct an error in SEQ ID NO.: 2 in the sequence listing filed on December 22, 1999. In particular, SEQ ID NO.: 2 of the sequence listing filed on December 22, 1999 provides a 20P1F12/TMPRSS2 protein of 491 amino acids. Applicants' specification, however, describes a 20P1F12/TMPRSS2 protein of 492 amino acids (see e.g. page 32, line 12 and Figure 3). Therefore, the specification as filed supports this amendment to the Application. The substitute sheets include no new matter.

In accordance with Rule §1.825(b), a copy of the above-submitted sequence listing in computer readable form is also submitted herewith. The copy in computer readable form is the same as the substitute copy of the sequence listing.

Date: August 11, 2000

WJW/sjm

Respectfully submitted,

Daniel E.H. Afar et al.
